VESTUÁRIO PROFISSIONAL À MEDIDA DO SEU NEGÓCIO

Uniforms tailored to your business

Cada negócio é único, e a forma como o comunicamos é a chave para termos sucesso e atingirmos todos os nossos objetivos. O vestuário profissional utilizado pelos colaboradores de cada empresa, independentemente da sua área, são um reflexo do posicionamento que se quer ter no mercado. Muito mais que criarmos uma distinção da concorrência, vestir um uniforme significa identidade, união, conforto e foco nas nossas ações.

A famosa frase “vestir a camisola” nada mais é do que termos orgulho de fazer parte de uma equipa, de uma empresa ou de uma marca. Esse sentimento de pertença é fundamental tanto nas relações internas de cada empresa como externas.

Este é sempre o nosso ponto de partida para desenvolver este serviço personalizado de vestuário profissional.

Cada empresa é única e o vestuário de quem dá a cara por ela deve refletir isso mesmo!

Every business is unique in how it chooses to communicate. Communication is essential for the achievement of a company's goals and for long-term success. The uniforms used by a company's employees – independent of their area of expertise – reflect the brand image that the company desires to convey to the world. Wearing a uniform is not only a way to differentiate a brand; it also carries an identity, sense of comfort, pragmatism and focus on action.

The creation of a company's identity, fostered among employees through the production of tailored uniforms which care for the employees' well-being and safety, generates a sense of loyalty and dedication to the company. These feelings are essential not only in symbolically guiding external relationships, but also in strengthening internal ones. This is our starting point in the co-creation of brand image for our customers.

Each company is unique, and the professional clothing of its employees should embody this uniqueness!

CUIDADOS

Para garantir que a sua roupa tenha o maior ciclo de vida possível, testamos rigorosamente os materiais utilizados.

FORTE USO, FÁCIL DE CUIDAR

Todas as informações que precisa, de cada símbolo de cuidados está incluída na etiqueta.

ATENÇÃO: tecido vermelho e preto a coloração tende a produzir cor em excesso. Antes de usar, a "resistência à fricção húmida" da roupa deve ser testada.

GERALMENTE APLICA-SE:

- Deixe o tambor de lavagem com folga
- Para cores, use detergente de cor sem branqueador
- Lave com cores semelhantes
- Não regule a temperatura demasiado alta (caso contrário, tende a encolher devido à desumidificação)
- Passe os estampados e bordados a partir da esquerda
- Preste atenção aos símbolos de cuidados

SÍMBOLOS DE CUIDADOS

CARE TIPS

To ensure that your clothes have the longest possible life cycle. We rigorously test all the material used in our manufacture facilities

STRONG FABRICS, EASY TO CARE

All the useful information is included in label.

ATTENTION: Red and Black fabrics tend to have excess coloring due to their manufacture process. Make sure you take all the necessary precautions

NORMALLY APPLIES:

- Don't overload the washing machine
- Use the right type of detergent
- Use the right amount of detergent
- Join in the same load pieces with similar colors
- Respect the recommended washing temperature

SYMBOLS OF CARE

WASHING

Machine Wash – for these symbols use machine wash up to the recommended temperature at a normal spin

Machine Wash (line) – for these symbols use machine wash up to the recommended temperature at a soft spin

Hand Wash – Do not use washing machine. Use your hand to ensure that the cleaning liquid is thoroughly rubbed into the material and subsequently rinsed out

BLEACH

Empty triangle - Any kind of bleach may be used when necessary

Empty Triangle with Crossed Lines – Do not use bleach

Triangle with Diagonal Lines – Only non-chlorine bleaches should be used

DRYING

One dot means Tumble dry low

As the number of dots inside of the Tumble increase, the maximum drying temperature will increase

Cross machine drying - Do not tumble dry

IRONING

Ironing symbols also employ the same dot system for heat levels.

- 1 dot iron low
- 3 dots iron high

Iron with crossed lines - Do not iron

ESCOLHA O TAMANHO CERTO! CHOOSE THE RIGHT SIZE!

O cliente pode usar estas tabelas para confirmar o tamanho que necessita. As medidas que fornecemos nas tabelas são medidas anatômicas, tiradas do corpo humano nu e não da roupa. Quando fazemos uma peça de roupa, precisamos de adicionar uma folga para obter o conforto que deseja. A dita folga varia de acordo com o design, tecelagem, sexo, etc.

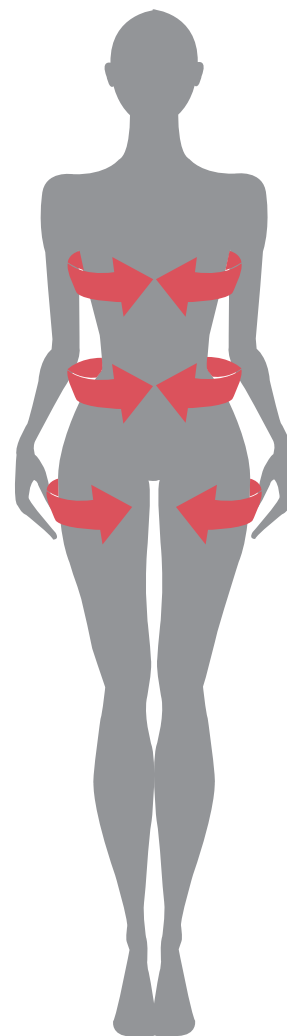

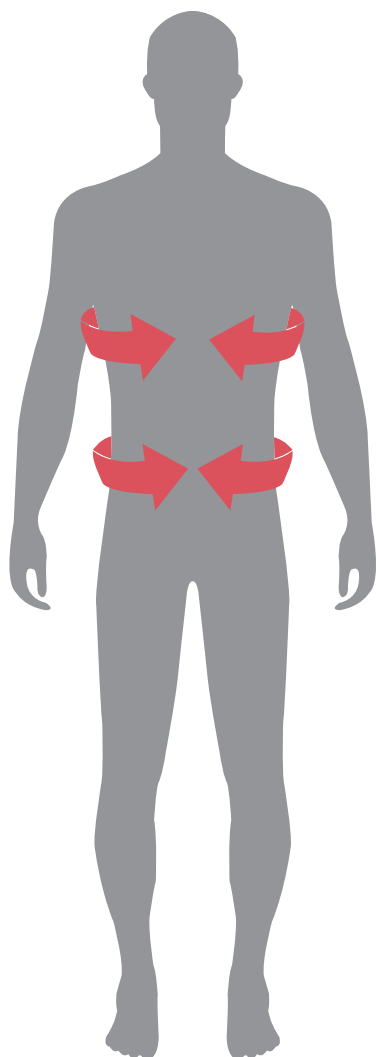

*You may use these measurement charts to confirm sizing.
The metrics shown in the charts are anatomical measurements, based on body measures and not on the proportions of the clothing. When we are developing a new garment, we accommodate for proportions in the clothing cut to give it the comfort expected by our customers.*
